PRODUCT DETAILS

Our products are made from 100% industrial-grade polyester and are available in widths ranging from 6 to 7.5 mm. They are extremely durable and offer long-lasting performance. The plastic components are made from 100% Delrin (POM) material, ensuring high strength and resilience. The hook used in the product is made of stainless steel. Our products provide reliable tension and shock absorption, making them ideal for cargo securing, outdoor activities, and industrial use.

USAGE AREAS

-You can hang your bags or secure boxes inside your car or trunk. Safely carry your helmet or other items on your motorcycle. It can also be used at home or in storage areas to help prevent clutter.
